BASIL SIDE CHAIR

CONTRACT DINING CHAIRS

SLED BASE CHAIR WITHOUT ARMS The Basil side chair is a hyper-modernist chair which functions as either a restaurant chair or any item of hotel furniture. The sled base keeps it elegant whilst the simplistic seat and back suggest a traditional look on a very contemporary chair. As with all our contract furniture, the Basil Side Chair comes in any standard finish & fabrics or you can choose your own leather, or fabric to upholster it in. With its contemporary style and versatile looks, this upholstered sled base chair is an excellent addition to any seating ensemble. Founded on a slender sled base made from powder-coated stainless-steel tubing, this sled base chair without arms is durable. The Basil Side Chair can also be crafted from a metal or wood base with sled legs and a bucket seat, and it's ideal for an on-trend contemporary look. And since the seat features faux leather or fabric upholstery, this upholstered sled base chair is perfect for a padded touch during long chats over dinner. This Basil Side Chair also features glides on its feet to help protect you against scratched floors. To customise this sled base chair without arms to your specification, give us a call today!
