FERO HIGHSTOOL

CONTRACT BAR STOOLS

COUNTER HEIGHT STOOL The Fero counter height stool is a charming piece in a rustic style obtained through the solid metal frame, seat, legs, and footrest with a fully welded construction. This high stackable stool is stylish for kitchen counters, or cafe, restaurants. And it can be used indoors and outdoors; the metal material will not damage outdoors. And the stools can be stackable when you do not need, that is, space-saving. Fully assembled, each metal bar stools has an X-brace under the seat that provides additional support and stability. Stackable for space-saving, no-mar rubber feet keep them from sliding and scratching hardwood floors. Constructed with a simple yet streamlined appearance, this counter height stool has a timeless look that can easily blend into any environment and add a unique industrial dimension. Visit us to find out more about Fero High Stool at UHS International.
