

AERO SIDE CHAIR

OUTDOOR FURNITURE

FIBERGLASS STACKING CHAIR Are you maximising your outdoor space? Go for furniture that is easy to store, like these stackable chairs. The Aero Side Chair is produced with a single injection of polypropylene reinforced with glass fibre obtained utilising the latest generation of air moulding technology with neutral tones. This fibreglass stacking chair is inspired by mid-century designs and is made from 100% polypropylene resin with a shell, one-piece seat with a full back and seat. Mesh strapstyle construction let's rainfall right through for quick-drying, while four injection-moulded legs add to the mod appeal. Ideal side chair for outdoor dining areas, restaurants, cafeterias, and lounge. The Aero Side Chair is sturdy and durable. It is stackable and suitable for indoor and outdoor use. Reach us to know more about this Aero Side Chair supplied by UHS International.
