BOSTON SQUARE TABLE TOP

CONTRACT TABLE TOPS UK

OAK TIMBER TABLE TOP Restaurant furniture is not all about chairs; a beautifully finished timber table top will create a warm ambience that will enrich the customer's dining experience. Oak timber adds a natural element to your interior and is an inviting aesthetic. Boston Table Top is a square edge table top with a steel banding. There are many ways this solid wood table top can be customised. The band can be powder coated including visible screw heads or plain. The timber can be planked using Oak timber in many colours. Boasting classic appeal, this solid wood plank table top is constructed with sturdy oak. Available in a range of stains, choose your unique edge detailing and customise it to suit your restaurant décor. This contract grade stylish, durable and solid table top gives a natural look of class to any dining environment. We create hospitality furniture solutions for cafes, restaurants, hotels, and other commercial venues by providing a custom-cut table in your choice of timber. Contact us to discover more about the Boston Square Table Top supplied by UHS International.
