

## JAMES TWIN DINING TABLE BASE

CONTRACT TABLE BASES

TWIN PEDESTAL TABLE BASE The James Twin Dining Table Base is one of the few designs on the market that will accommodate a rectangular four-seater tabletop. Manufactured from solid hardwood, this rectangular table pedestal base can be used indoors in just about any commercial environment. UHS International also supplies a matching single pedestal table base to be used in conjunction with this design, so you can also have two-seater tables in the same room. This twin pedestal table base is available in a choice of sizes and heights to support a large variety of table base sizes. You can also find a wide range of our tabletops to go with our whole range of table bases. Get in touch with us to know more about the James Twin Dining Table Base at UHS International.
