HOXTON DINING CHAIR The Hoxton Dining Chair is a robust yet elegant metal frame leather armchair that works equally well as a dining or office chair. The chair's faux leather-clad, tapered back legs, seamed corners and beautiful flowing curves make it a unique and striking piece craving attention in any space. The Hoxton's versatile design can be upholstered in a wide range of fabrics and faux leather for an individual look. It is a contemporary upholstered Hoxton armchair with a definite mid-century influence. The solid metal frame makes this furniture piece resilient, and the choice of quality leathers allows you to make this black faux leather armchair your own.
