WELCOME TO EDITION FIVE!

UHS newsletter bulletin edition to keep you up-to-date with new projects, products, and all the latest news.

Find out what we have been doing, besides ensuring our place as the No.1 contact furniture supplier to the hospitality industry...

This year we have been involved in some projects that really make us feel warm and fuzzy inside. Projects that have inspired us to inspire more. Excuses for us to inject beautiful new products into the marketplace and enhance dining experiences for everyone.

We are also currently working on a new exciting range of furniture – all will be revealed later in the year.

In the last handful of months we have completed a number of noteworthy restaurants and bars, two of which have more detailed information over the next two pages. The Botanist (Broadgate Circle), Cabin Bar (Bristol Airport), The Velvet Coaster (Blackpool) and Café Murano (Covent Garden) were numbered among them.

If you would like to find out about a specific project or product, please email us at beinspired@uhs-group.com or contact our team on **0330 1222 400**.

VELVET COASTER

We were proud to complete one of JD Wetherspoon's flagship pubs in April – The Velvet Coaster in Blackpool. Taking traditional public house sensibilities and combining them with contemporary flair and warmth, this is an inviting space, evocative of the taverns and diners of legend.

We installed a great selection of furniture – from our Steam Collection, the Tagg barstools, Alexia chairs and Brake tables – and various rich leather and wood tones enhanced by the timeless forms of our Zenge, La Boca, Bozzo, Waltz and Elena chairs.

CABIN BAR, BRISTOL AIRPORT

Located in Bristol Airport, Cabin Bar has a peppy and invigorating air despite its classic bones due to the electric upholstery choices and the pleasingly complex swirls of the Emperor marble tabletops. We also supplied Vasco, Arkansas and Bozzo chairs to bring a complementary and yet louche luxury to the dark panelling and Hampstead butcher-block tables. Outdoors on the plaza we championed our new Slouch chair.

This whole eatery presents a homely, graceful haven in the centre of a bustling airport.

THE PILGRIM COLLECTION

Successfully launched the long awaited Pilgrim Collection, an eclectic mix of spindleback furniture for the perfect artisanal atmosphere.

BURNT TUSCAN ORANGE

Our favourite colour this month - the suspense of waiting for this glorious shade to grace the trees and hedgerows is killing us...
